

Dental Blue® Plans for Individuals and Families

For dental benefits you can smile about!

Why dental care is important to your overall health...

Consider this: people who suffer from periodontal disease are twice as likely to have heart disease or a stroke.¹ And there's also research linking poor oral health to diabetes, lung disease and premature births.²

Fortunately, regular dental checkups can help detect the early warning signs of certain health-related issues. That's just one reason why it's so important to take good care of your teeth and gums. And the Dental Blue plans from Anthem Blue Cross Life and Health Insurance Company can help make it easy and affordable.

How the Dental Blue plans work:

We offer two great Dental Blue plans to choose from: Dental Blue Basic and Dental Blue Enhanced. The Dental Blue Basic plan provides coverage for many diagnostic services and preventive care such as cleanings, exams and X-rays, as well as fillings, with an annual maximum of \$500. The Dental Blue Enhanced plan includes cleanings, exams, X-rays and fillings — plus certain major services like root canals, periodontal procedures and crowns, with an annual maximum of \$1,250. It also includes orthodontic coverage for children after a 12-month waiting period.

A unique feature of Dental Blue is that members have access to the rates Anthem has negotiated with providers during any applicable waiting periods, after the annual maximum has been met, and for certain noncovered services like veneers, dental implants and TMJ treatment. These discounts are available only at in-network providers.

Lastly, as a Dental Blue plan member, **you can see any dentist you want**; however, you do have the potential for lower costs when you choose a dentist in the Dental Blue 100 network. This is because in-network dentists have agreed to accept our fee schedule for services rendered.

If you choose to go to a provider outside of the Dental Blue 100 network, you can be billed the difference between what we pay our in-network dentists and what your chosen dentist wishes to charge. But, with more than 18,000 California dentists in our Dental Blue 100 network, it's likely your dentist is part of our network!
